Product Information

Product: **Xeltek - PEP3000 - 100 Pin Expansion Pin-driver Module for 3000U Programmer**

Manufacturer: **Xeltek**

Xeltek - PEP3000 - 100 Pin Expansion Pin-driver Module for 3000U Programmer

The PEP3000 is a 100 pin Expansion Pin-driver module for the Xeltek 3000U programmer. The module plugs into the top of the programmer and allows 100 pins to be driven from the programmer to the target chip. The addition of this module allows the 3000U to support devices with pin-counts greater than 48 pins.

Please note:
The PEP3000 does not include any Package Adaptors. These must be purchased separately.
